Sequachee Valley News.

Published every Thursday.

OUR DEVIL'S CORNER.

Going home from church,
Said the lover, "I think 'tis allowed
That I'm neither exclusive nor proud
But they should remember
Who have reached life's December,
That there are times when three is a crowd."

Pugilists and politicians both do a great deal of talking, but there is a mighty difference between them after all. Politicians will fight upon occasion as the news columns of our state papers will show.

A NECESSARY PRECAUTION.

ST. PETER.—"Who are you?"
NEW ARRIVAL.—"I am a member of the Supreme Court of Tennessee."
ST. PETER.—"Well, you will have to leave your gun with me before entering."

SMITH.—"Why do they call the left fielder of your nine 'Spider'?"
BATTS.—"Because he never lets a fly escape him."

AMoney Maker in Hard Times.

I have for the five past years had a pretty hard struggle to make a living, but about three months ago I began selling self heating flat irons and have made from four to five dollars every day, which I think is pretty good for an inexperienced woman, my brother is now selling irons and makes more than I do but he has sold other things and is more experienced. The iron is self heating, so it is the proper heat all the time; and you can iron in half the time you commonly do and have the clothes much nicer, you can iron out under a tree or in any cool place and one cent's worth of Benzoin will do an ordinary ironing, so you save the price of the iron in fuel in a few weeks. By addressing W. H. Baird & Co., 100 N. A., Pittsburg, Pa., you can get full particulars, and I know any one can do splendidly anywhere. We sell at nearly every house and any woman that irons once with a self heating iron will have one, as it saves so much labor and does so much better work.

That Debate.

EDITORS NEWS:—A short time ago there was considerable talk about town concerning a debate on the question of universal salvation. It was understood that Rev. John T. Byrum and Rev. Jacob Houts were to be the participants and people looked forward to the event with much interest. Has the affair been dropped or merely postponed? We hope it is not a case of "one is afraid and the other dare not." K.

PERFECT and permanent are the cures by Hood's Sarsaparilla, because it makes pure, rich, healthy, life and health-giving **BLOOD**.

BILLS OF COSTS.

Irregularities In Hamilton County.

Chattanooga, Sept.—Considerable of sensation was created here to-day by a charge delivered by Judge Moon to the grand jury relative to bills of criminal costs that have been paid by this county. For some time a committee of the Young Men's Business League has been at work making some figures at the courthouse in the matter of fees paid to the Attorney-General. They found where fees had been paid to Foster V. Brown while he was Attorney General amounting to something over \$3,000, which were claimed to be illegal. Mr Brown very promptly yielded the point and made restitution.

Attorney-General Donaldson was found also to have drawn fees of the same kind to the amount of \$3,000 but he claims they were legally collected and will test the matter in the courts. In their investigation the committee claims to have found many bills of costs in the office of the Circuit Court Clerk, which they claim are also illegal. Though the committee has made no formal report as to the extent, rumors have been rife about considerable sums and it was to this matter that the Judge's charge to-day is directed. The matter will undoubtedly result in an investigation.

Clerk Henderson claims that his cost bills are all within the statutes, but he expresses a willingness to relax if the Judge so orders. These investigations have intensified the popular clamor here for a reform of the fee system. The committee looking into these matters intimate that the same irregularities will probably be found in nearly all the large cities.—Nashville American.

Churning Done In One Minute.

I have tried the Lightning Churn you recently described in your paper, and it is certainly a wonder. I can churn in less than one minute, and the butter is elegant, and you get considerably more butter than when you use a common churn. I took the agency for the churn here and every butter maker that sees it buys one. I have sold three dozen and they give the best of satisfaction. I know I can sell 100 in this township, as they churn so quickly, make so much butter than common churns and are so cheap. Some one in every township can make two or three hundred dollars selling these churns. By addressing J. F. Casey & Co., St. Louis, you can get circulars and full information so can make big money right at home. I have made \$80 in the past two weeks and I never sold anything before in my life.

A FARMER. Sep3,1t

Austin Coptinger has bet \$150 so far on the election of McKinley and says he has \$300 for any man that wants to show his money. Austin thinks McKinley can't get "licked," and bet a \$100 horse Saturday with a South Pittsburg man, that his candidate would be elected.

Base ball Saturday resulted in a victory for the Outsiders. As the school nine has also won a game, the tie with have to be played off some time soon.
